**CANDIDATE FOR DANE COUNTY  
BOARD OF SUPERVISORS DISTRICT 30**

Dear Friend,

I am running for Dane County Board of Supervisors, District 30, because our communities deserve a stronger, more accountable voice on the County Board.

As a longtime resident and active member of the Verona Fire Department, I have witnessed firsthand, how county decisions impact our daily lives - from road maintenance to emergency services to protecting family farms and controlling costs for hardworking families.

The incumbent has held this position for two decades. While experience matters, our district needs a fresh perspective and renewed commitment to the following:

- 1) Greater openness and transparency in government
- 2) A firm opposition to new taxes or fee increases
- 3) Steadfast support for public safety

These goals can only be achieved with your support. Please vote April 7 and encourage your friends and family in District 30 to do so as well.

Sincerely,

Jeremy Pings
